|             |                          |
|-------------|--------------------------|
| Compound:   | BPC-157                  |
| Lot:        | RL-3430621-P             |
| Appearance: | White Lyophilized Powder |

|             |                                                                 |
|-------------|-----------------------------------------------------------------|
| CAS:        | 137525-51-0                                                     |
| Formula:    | C <sub>62</sub> H <sub>98</sub> N <sub>16</sub> O <sub>22</sub> |
| Mol Weight: | ~1419.5 g/mol                                                   |

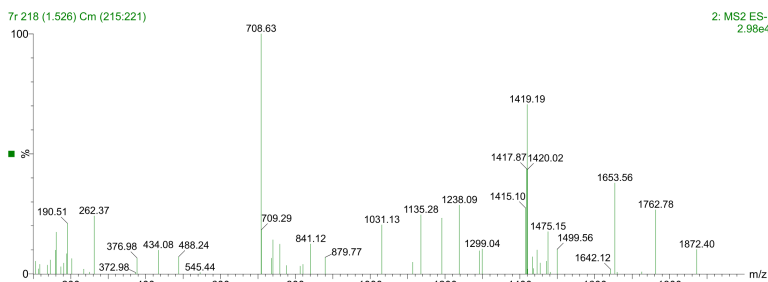

Pubchem CID: 108101

Qualitative and Quantitative chemical analysis by Ultra High Performance Liquid Chromatography with Mass Spectrometry

|                | Specification | Result  | Scan to Validate:                                                                   |
|----------------|---------------|---------|-------------------------------------------------------------------------------------|
| Compound Test: | BPC-157       | BPC-157 |  |
| Quantity:      | 5mg           | 4.95mg  |                                                                                     |
| Purity:        | >98%          | 99.25%  |                                                                                     |

UPLC

MS

**Aleksey Yevtodiyenko PhD**  
 Research and Formulation Chemist

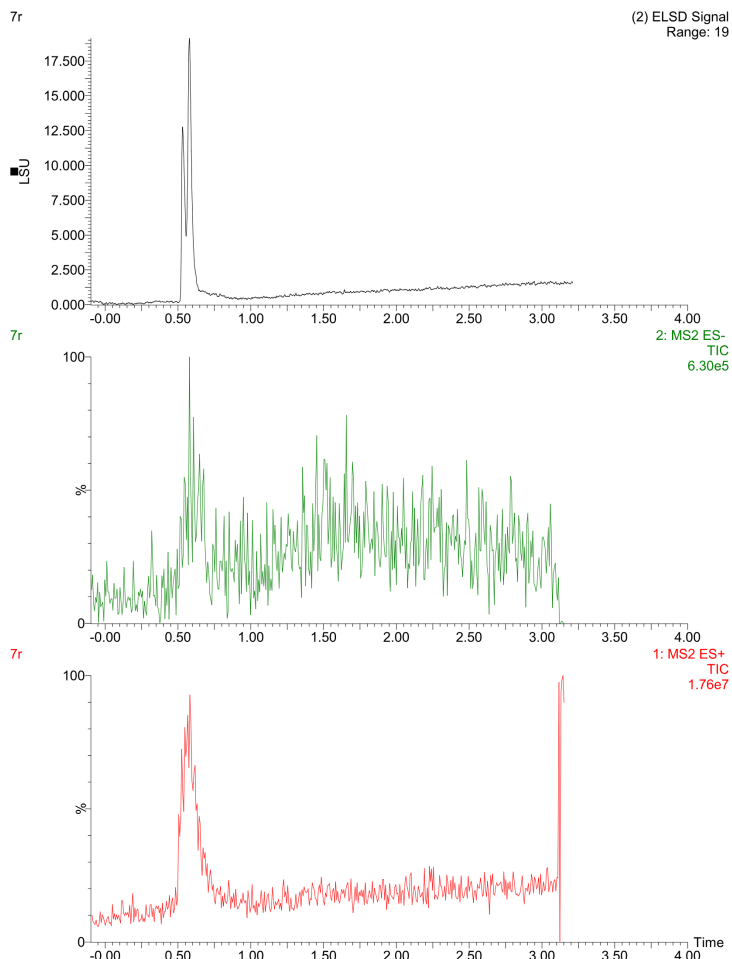

This purity analysis was conducted using UPLC/MS under standard laboratory conditions, following validated analytical protocols to ensure accurate and reliable results. This analysis is intended for informational and research applications.
